The PET Partner Program

The common problem for all system integrators

- Used as sniffers for business – a small system integrator finds a local account, builds relationship, calls distributor / OEM arranges for presentation, helps in PoC and when the case closes some big SI from a metro or an NSI takes it away.
- OEMs are sitting in Metros and have relationships with SIs there only.
- Distributors are busy in transactions & relationship management, never talk of training and enabling partners.

How do we reach that corporate level sitting in our own city?

Srinagar, Amritsar, Jalandhar, Hisar, Jhansi, Gorakhpur, Muzaffarpur, Dhanbad, Gaya, Bokaro, Silliguri, Guwahati, Shillong, Dibrugarh, Kohima, Jharsuguda, Raipur, Bilaspur, Jabalpur, Ratlam, Nagpur, Sholapur, Mysore, Coimbatore, Vizag, Jodhpur, Surat....?

Its time to fly now, Tatav IT brings you the solution to come out of this catch 22 situation.
